Words and Music by

## VERSE 1

I tell the truth, hey I'm a good man  
I love my flag, I fought in Tehran  
Can't put my faith in what I can't see  
No need to walk the streets of Galilee

## CHORUS

She dumped me for Jesus  
Christ, what can I say?  
She dumped me for Jesus  
The Good Lord took her away

## BRIDGE

Love bears all things  
moves the mountains is not unkind  
Judge not that you'll not be judged  
Don't know what she's hoping to find

## VERSE 2

She goes to church, she vows to serve the Lord  
She sings the hymns, recites the metaphors  
Can't tolerate, a different point of view  
I'm crucified on lonely avenue

## VERSE 3

I loved that girl I gave her everything  
Got on my knees to wear her wedding ring  
But now I see through the hypocrisy  
Like Moses said, I need to set her free
